

selection\_sort.h

```
graph TD; A[selection_sort.h] --> B[struct.h]; B --> C[string];
```

The diagram illustrates a sequence of three files connected by downward-pointing blue arrows. The top file is 'selection\_sort.h' in a dark gray box. An arrow points down to 'struct.h' in a white box. Another arrow points down from 'struct.h' to 'string' in a light gray box.

struct.h

string
